There are four sorts of men: He who knows not and knows not he knows not: he is a fool — shun him.

He who knows not and knows he knows not: he is simple — teach him

He who knows and knows not he knows: he is asleep — wake him.

He who knows and knows he knows: he is wise — follow him

-Lady Burton
In Life of Sir Richard Burton
(quoted as an Arabian proverb)

During our high school years, we will meet each of these people. Maybe we already have.

As we complete our high school years and venture into the world, we not only may have been introduced to these four kinds of men, but we may indeed become one of them.

You may have found the wise man; he may be your teacher, advisor, or counselor. Let us concentrate on the wise man.

The wise man or ***teacher,*** *as he is referred to during school years, plays an important role in each of our lives.*

He began by showing you right from wrong and went on to teach you the morals and values in your life as well as in the lives of others.

Once again we may become one of these four men in the hope of doing for others the good he has done for us.

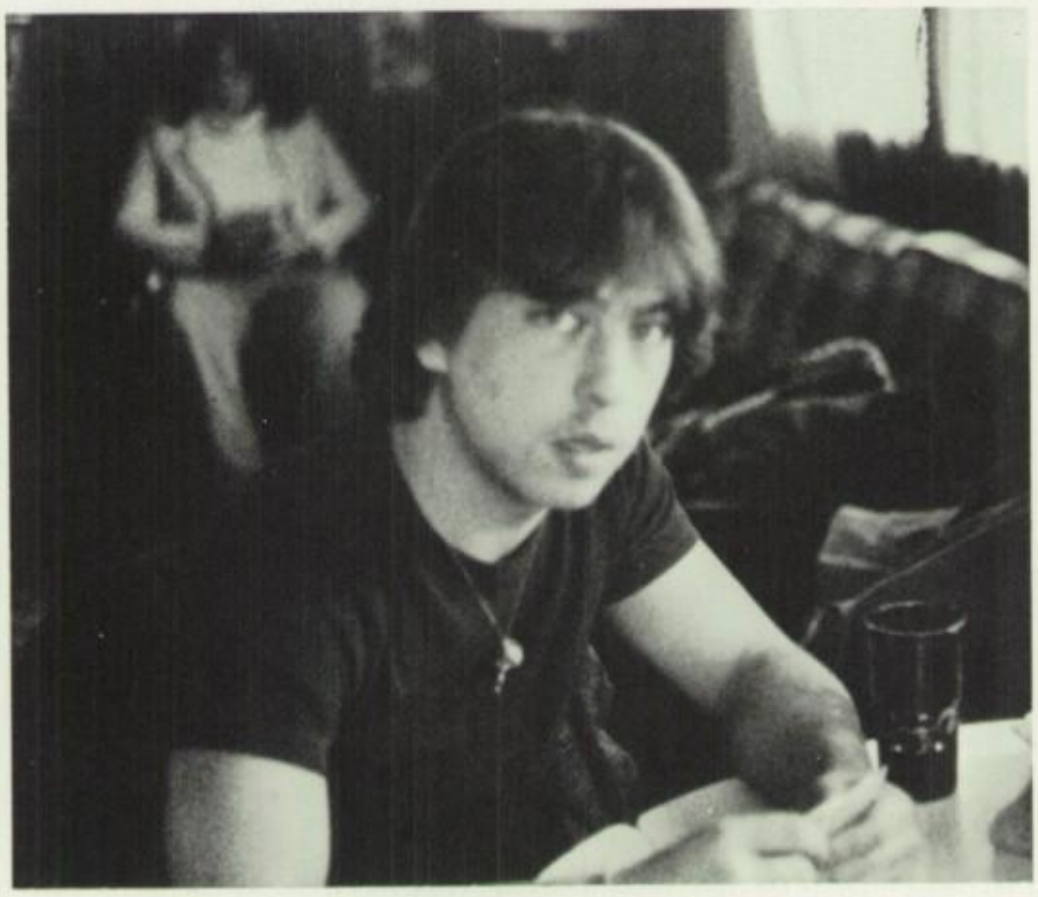
IN MEMORIAM

George Lawrence Marini

December 1, 1964 — March 22, 1981



"GEORGE OF G.A.R."

He was an athlete as I recall and favored wrestling most of all,
He was a man who would seldom chat especially when he took the mat,
He tried his best against tall or small and always worked to get a fall,
He was never excited but rather calm especially with the pressure on,
He loved voc-tech and fixing cars and we all knew he would go far.
But fate can't wait and in his prime he left us long before his time,
It's hard to believe that we now won't see a young man named Marini,
He has earned his place on another squad somewhere above the clouds,
In the future we will meet our fate and once again be teammates,
We thank God for having met and never ever will forget GEORGE OF G.A.R.

Jim Fisher

"In My Heart You'll Always Be"

I've watched him grow through the years.
We've shared the laughter, joys and tears.
The memories will stay with me.
For in my heart he'll always be.
We laughed, we cried, we laughed and lied.
The laughter's gone, but the tears go on.
Memories come back to me, and in my mind I'll always see,
My brother "George" watching over me.
I miss him more and more each day,
For his soul, I'll always pray.
So keep in touch little brother
And keep in mind our father and mother.
In your mind, I know it's true
You love me and I love you.
Someday we will be together
And we'll be happy forever and ever.

I love you, George
Your sister, Carol Marini

"Dream On"
S. Tyler

Everytime that I look in the mirror
All these lines in my face getting clearer
The past is gone
It went by like dusk to dawn
Isn't that the way
Everybody's got to do as he likes to play
I know, nobody knows where it comes and where it goes
I know, everybody sings you got to lose and learn how to win.

Half my life's some books' written pages
Living, learning from fools and from sages
You know it's true
All the things come back to you
Sing with me sing for the year
Singing for the laughter singing for the cheer
Sing with me just for today
Never tomorrow the good Lord will take you away.

Sing with me sing for the year
Singing for the laughter singing for the cheer
Sing with me just for today
Never tomorrow the good Lord will take you away
Dream on, dream on, dream on, dream until your dream comes true.
Dream on, dream on, dream on, dream until your dream comes true.
Dream on, dream on, dream on, dream on, dream on, dream on, dream on,

Sing with me sing for the year
Singing for the laughter singing for the cheer
Sing with me just for today
Never tomorrow the good Lord will take you away.

FACULTY

"Teacher I Need You"
Elton John/Bernie Taupin

I was sitting in the classroom,
Trying to look intelligent,
In case the teacher looked at me,
She was long and she was lean,
She's a middle-aged dream,
And that lady means the whole world to me.

It's a natural achievement
Conquering my homework,
With her image, pounding in my brain,
She's an inspiration,
For my graduation,
And she helps to keep the classroom sane.

Oh, teacher I need you,
Like a little child,
You got something in you,
To drive a schoolboy wild
You give me education,
In the lovesick blues,
Help me get straight, come out and say,
Teacher I, Teacher I, Teacher I,
Teacher I need you.

I have to write a letter,
Tell about my feelings,
Just to let her know the scene,
Focus my attention,
On some further education,
In connection with the birdies and the bees.

So I'm sitting in the classroom,
I'm looking like a zombie,
I'm waiting for the bell to ring,
I've got John Wayne stances,
I've got Erroll Flynn advances
And it doesn't mean a doggone thing.

In Memoriam

LAURA AGURKIS

Twice this past year the G.A.R. family was saddened by the loss of one of its members. In August Mr. Jack Jones, former athletic director and teacher at G.A.R., passed away. In December Mrs. Laura Agurkis, guidance secretary for eight years, died.

For many years the name Jack Jones was synonymous with G.A.R. As athletic director, Mr. Jones spread the praises of our school all over the state.

After spending time as basketball and wrestling coach at Coughlin, Mr. Jones came to G.A.R. as a physical education and health teacher. He left G.A.R. to teach in the elementary grades.

Mrs. Agurkis will be remembered for her friendly attitude, cooperative nature, and the efficiency with which she carried out her duties in the guidance office.

The memories of Mr. Jones and Mrs. Agurkis will remain in the G.A.R. family.

EILEEN WARD

"A teacher affects eternity; he can never tell where his influence stops."
Henry Adams, ***The Education of Henry Adams***

Mrs. Catherine Liem and Mrs. Eileen Ward have undoubtedly affected and influenced the lives of countless G.A.R. students. Advice, encouragement, help — these two women dispensed all of these freely.

Upon graduation from G.A.R. High School, Mrs. Liem attended Mercy Hospital School of Nursing, where she obtained her R.N. degree. She was granted a B.S. degree from College Misericordia and certification from Penn State University.

Mrs. Liem's 41 year career in nursing has included many areas of the profession. She has been a visiting nurse, a State nurse, and a private duty nurse before becoming a school nurse. She has been a school nurse for 20 years — the last 19 here at G.A.R.

Mrs. Ward, a graduate of Coughlin High School, received an A.B. in English from College Misericordia and an M.S. in counseling from Marywood College.

Mrs. Ward has been in education for 23 years, the past 15 at G.A.R. She taught English, typing, and shorthand before becoming a guidance counselor.

Neither Mrs. Ward nor Mrs. Liem have any specific plans for their retirement. May their years away from G.A.R. be filled with happiness and good health.

"You Ain't Seen Nothin' Yet"
Randy Bachman

I met a special woman
She took my heart away
She said I had it coming to me
But I wanted it that way
I think that any love is good loving
So I took what I could get
She looked at me with big brown eyes and said
You ain't seen nothin' yet
Baby you just ain't seen nothin' yet
Here's something that you're never gonna forget
Baby you just ain't seen nothin' yet.

And now I'm feelin' better
Cause I found out for sure
She took me to her doctor
And he told me of a cure
He said that any love is good love
So I took what I could get
Yes, I took what I could get
And then she looked at me with those big brown eyes and said
You ain't seen nothin' yet
Baby, you just ain't seen nothin' yet
Here's something, here's somethin' you're never gonna forget baby.

ACTIVITIES

"Games People Play"
Eric Woolfson/Alan Parsons

Where do we go from here now that all of the children are growing up
And how do we spend our lives if there's no one to lend a hand.

I don't wanna live here no more, I don't wanna stay
Ain't gonna spend the rest of my life, Quietly fading away.

Games people play, You take it or you leave it
Things that they say, Honor Brite
If I promise you the Moon and the Stars, Would you believe it
Games people play in the middle of the night.

Where do we go from here now that all of the children have grown up
And how do we spend our time knowing nobody gives us a damn

I don't wanna live here no more, I don't wanna stay
Ain't gonna spend the rest of my life, Quietly fading away.

Games people play, You take it or you leave it
Things that they say, Just don't make it right
I'm telling you the truth right now, do you believe it
Games people play in the middle of the night.

Games people play, you take it or you leave it
Things that they say, Honor Brite
If I promise you the Moon and the Stars, Would you believe it
Games people play in the middle of the night.

Games people play, You take it or you leave it
Things that they say, Just don't make it right
I'm telling you the truth right now, do you believe it
Games people play in the middle of the night.

Mingling with the Audience

This year G.A.R. was given the honor of hosting the District IX Chorus Festival. One hundred eighty-one students from 34 different schools arrived at G.A.R. on January 21st. The students participated in two days of intense practice in preparation for the concert on Saturday, January 23. Not even a snow and ice storm on Saturday morning could dampen the enthusiasm of these students. The students were housed by neighborhood families of G.A.R. during their three day stay in Wilkes-Barre.

Guest conductor for the festival was Dr. Peter Bagley from the State University of New York. Mrs. Major was in charge of District Chorus.

SPORTS

"We Are The Champions"
Feddie Mercury

I paid my dues
Time after time
I've done my sentence
But committed no crime
And bad mistakes
I've made a few
I've had my share of sand kicked in my face
But I've come through.

We are the champions my friends
And we'll keep on fighting till the end
We are the champions
We are the champions
No time for losers
Cause we are the champions of the world.

I've taken my bows
And my curtain calls
You brought me fame and fortune
And everything that goes with it
I thank you all
But it's been no bed of roses
No pleasure cruise
I consider it a challenge
Before the whole human race
But I never lose.

We are the champions my friends
And we'll keep on fighting till the end
We are the champions
We are the champions
No time for losers
Cause we are the champions of the world

We are the champions my friends
And we'll keep on fighting till the end
We are the champions
We are the champions
No time for losers
Cause we are the champions.

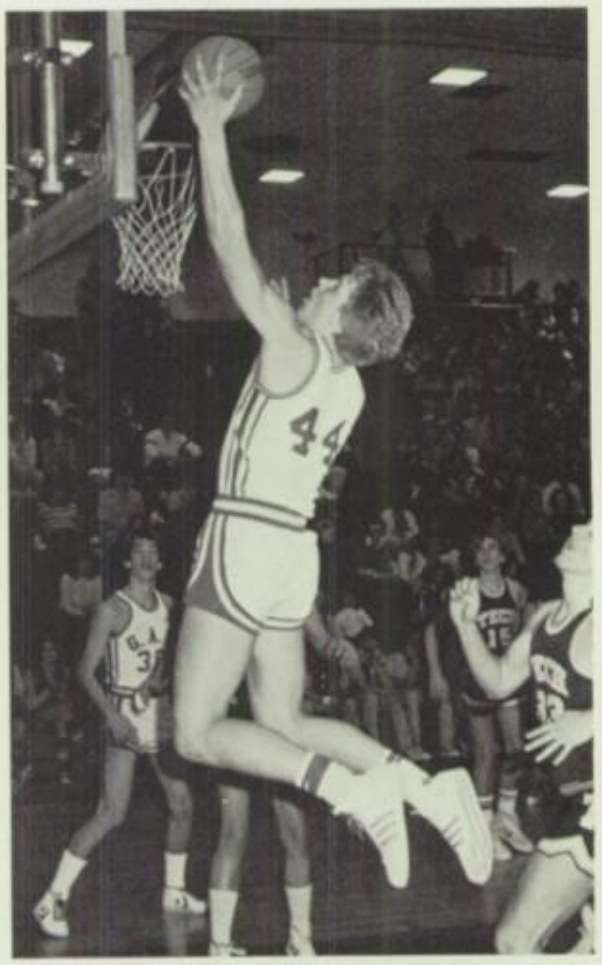
Koretz Scores 1000 Points

On Thursday night, February 11, 1982, Larry Koretz reached a milestone in his basketball career. Larry's layup, mid-way through the 3rd quarter in a game against West Side Tech, put him over the 1000 point mark in career scoring. The 6 foot 7 junior became only the 2nd player in the history of G.A.R. Memorial High School to reach this milestone as a junior. The game was stopped and Larry was presented with the game ball by Coach Hopkins.

Pictured above are Assistant Coach Paul Brown, Coach John Hopkins, Mr. Lawrence Koretz, Larry Koretz, Mrs. Charlene Koretz, Mr. Chet Wasilewski, and Mr. Phillip B. Latinski.



Larry's 1000th point comes all in a day's work.
